

Graduate Research Open House

Department of Computer Science & Engineering
Michigan State University

Friday, October 1, 2010

10:00 am – 4:00 pm

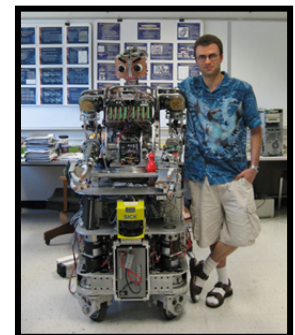

Learn What to Expect in Graduate School

Current Michigan State University graduate students and faculty will provide you with information and tips about graduate school: why to apply, the application process, and life as a graduate student.

Explore What MSU Offers

The program includes laboratory demonstrations, an overview of MSU CSE research, and lunch with current graduate students. Learn how you can work with our faculty to solve problems that impact the quality of life in the modern word. Get answers to your questions.

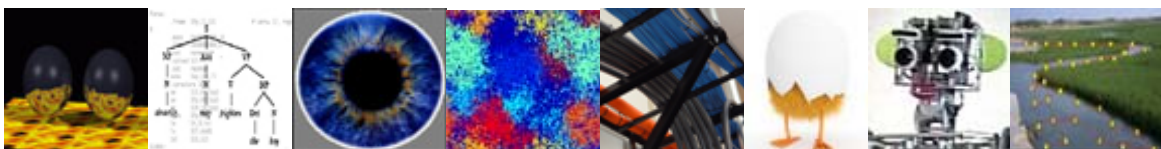

Who Should Attend

- Prospective CSE graduate students
- Students and faculty from other colleges and universities
- MSU undergraduates considering graduate school
- Anyone who would like to learn more about research being conducted in the CSE department
