

Engineering Expo

When/Where? Thursday, Feb. 23rd, 12-4:00p

Engineering Building/Look for the Student Check In Tables on 1st Floor

Ask? What are you looking for in a candidate? What emphasis areas are sought more in which industries? What is the value of a study abroad experience to a potential employer? What foreign languages are most used in engineering? What type of work experiences should you seek before graduation (and why). Most alumni/employers are here to fill jobs...but they can give "valuable" advice as well!

"ASK"
Employers
about hiring
1st year
students.

Volunteer/Have Questions? Interested in Volunteering? There are many ways to get involved in the expo and help employers set up during their visit to the Engineering Building. Either stop into The Center (1340EB).

Sign up or register at www.myspartancareer.com Click "Events" Click "Engineering Expo 2012 Student Ambassador Sign Up"... we can not do it without your help!

online @
myspartancareer.com

Why? Employed: Full Time? Co-op/Internship? Looking? This is for you! Make valuable industry contacts and keep current in industry.

The Engineering Career Expo is designed to allow you to explore and interact with a variety of alumni/companies.

What?

Make valuable industry and explore and interact with a variety of alumni/companies. Learn more about technologies in use at specific companies

Discuss potential career opportunities
